

To submit a paper for publication, an author should send PDF of the manuscript to Yokohama Publishers and please request three Editors of JNCA to be assigned to your paper (Three handling Editors name). The submission of a paper carries with it the author's assurance that it has not been copy-righted, or submitted for publication elsewhere. Manuscripts must be submitted in English. Authors of papers submitted for publications should strive for expository clarity and good literary style (jnca-sample.tex). Footnotes should be avoided. Abbreviations of names of journals and references should follow the standard form established by the Mathematical Reviews.

Authors will be requested to provide a LaTeX file of the paper if it is accepted. Figures and Tables must have self-explanatory captions and be numbered consecutively. Authors of accepted papers will be requested to send the publisher either electronic figure files or hard copy artwork of professional quality.
